Breakaway Sled Event Proposed Rules	Pee-Wee & Mini-Mite		
1. The breakaway sled event for pee-wees and mini-mites is designed to be a safe, controlled preliminary step to roping live cattle.			
2. Contestants will be allowed two loops in this event. They may either tie a second loop onto the saddle, or contestants may coil up to build a new loop. <i>1 Loop</i>			
3. The end of the rope will be tied to the saddle horn with a light cotton string. The string will be provided by IGRA and will be available by the roping boxes.			
4. The time for the event will start when the contestant leaves the roping box, and the time will be stopped when the contestant catches and the rope breaks from the saddle horn.			
5. The same person on the same horse will pull the breakaway sled at a trot. The sled will be started at a given distance from the box and put in motion when the contestant nods their head.			
6. Contestant's horse must start from the back corner of the box.			
7. There will be no barrier in this event.			
8. If a contestant misses on his or her first try, the breakaway sled will be stopped while the contestant produces a new loop. When the contestant is ready he/she will need to nod for the sled will be put back in motion.			
9. The contestant must throw their loop from a position behind the breakaway sled. Riding up beside the sled and "hooking" the dummy or "laying" a loop on the sled is unacceptable. And will result in a no time.			
10. The time limit for the event will be over when the sled reaches the end of the arena.			
11. If a Pee-Wee is entered in the live cattle breakaway they cannot enter the Sled Event.
